

EDUCATION

Qualification	Institution	Year	Score
B.Tech (Mechanical Engineering)	Netaji Subhas University of Technology	2023–2027	7.82 CGPA
Class XII (CBSE)	SCSDSV, Rohini	2023	86%
Class X (CBSE)	Apeejay School, Pitampura	2021	91.2%

EXPERIENCE

Cushman & Wakefield

Project Development Intern — Jun 2026 – Aug 2026 — Gurgaon

- Supported project execution through BOQ analysis, progress tracking, material planning, and requirement tracking.
- Evaluated contractor quotations and developed comparatives, contributing to an **18% reduction** in procurement costs.

Larsen & Toubro

Mechanical Engineering Intern — Jun 2025 – Jul 2025 — Chandrawal WTP, Delhi

- Generated detailed **BOMs from CAD drawings** for trusses, purlins, and structural steel components.
- Implemented **KAIZEN and Lean Six Sigma**, improving welding efficiency by **20–25%** and reducing rework by **30%**.
- Supported **QHSE** compliance through adherence to site safety procedures, quality standards, and operational requirements.

Maruti Suzuki India Ltd.

Quality Control Intern — May 2024 – Jul 2024 — MCP Manesar Plant

- Applied **MOST** methodology to optimize the fitment process for Brezza components, reducing component fitment time by **27%**.
- Developed **Video-Based Work Instructions (WIS)** and **Suzuki Basic Training (SBT)** modules covering assembly procedures, operator safety, and process efficiency.

PROJECTS

Thermal Characterization using Laser Flash Analysis – DRDO SSPL

Mechanical Engineering Intern — Thermal Characterization

- Characterized thermal diffusivity of **graphite and polymeric resin** using Laser Flash Analysis (LFA), comparing their thermal transport behavior.
- Prepared plane-parallel samples, operated the LFA system, and analyzed detector thermograms using **Parker’s method** to determine $t_{0.5}$ and thermal diffusivity.

All Terrain Vehicle – BAJA SAE 2025 – Team Daedalus Racing

Chassis & CAE Engineer — SolidWorks — ANSYS — DFMEA

- Designed and fabricated an ATV chassis using **SolidWorks**, considering structural strength, ergonomics, manufacturability, and packaging.
- Performed impact and roll-cage **FEA in ANSYS** to validate structural integrity and safety, contributing to the team’s qualification for the BAJA SAE 2025 finals.

Electric Human Powered Vehicle (E-HPVC) – Team Falcon

R&D Project — SolidWorks — ANSYS

- Conducting **R&D on vehicle architecture and chassis design** for an ASME-compliant electric human-powered vehicle.
- Evaluating chassis through **CAD modelling and FEA** to optimize structural performance and strength-to-weight ratio.

LEADERSHIP

Captain – Team Titan Strike — Robowar Competition

- Led technical execution of a **15 kg combat robot**, overseeing material sourcing, precision assembly, testing, troubleshooting, and project execution under competition deadlines.

CAE & Manufacturing Head – Team BulletHawk Racing

- Lead **CAE validation and manufacturing** for the development of a Formula Student race car, overseeing structural design validation, manufacturing processes, and technical execution across vehicle subsystems.

Placement Coordinator – Mechanical Engineering NSUT

- Selected among **16 students from 2,000+** candidates to coordinate recruiter engagement, interview scheduling, and end-to-end placement operations.

Treasurer – ASME NSUT

- Manage **budgets, resource allocation, and financial planning** for technical events while coordinating with industry partners and student teams.

TECHNICAL SKILLS

CAD & Simulation: SolidWorks, ANSYS

Manufacturing: MOST, Lean Six Sigma, KAIZEN, DFMEA

Engineering: CAD Modeling, FEA, Manufacturing Processes, Quality Control, Process Optimization

Programming & Tools: Excel, MS Office Suite, Python, SQL

ACHIEVEMENTS

1st Rank – Ecopreneurs Case Challenge, DTU 2026 | Top 2% Nationwide – NPTEL IoT (91%) | Finalist – BAJA SAE India 2025 CAE Event | 3rd Rank – CAD Battle, DTU 2025 | 2nd Rank – BTG CAD Competition, NSUT 2024 | AIR 3 – ASME Efx RC Drone Challenge 2026 | AIR 4 – ASME Efx Robowar 2026

CERTIFICATIONS

Lean Six Sigma White Belt | Design Thinking – IIT Madras | Industrial Training in Robotics & AI | McKinsey Forward Learning Program | Generative AI – Microsoft | GD&T | Procor – Project Management
